updated 3. 4. 2024 | published 3. 4. 2024

### Summary

Upper sliding tray for the front compartment of the center console

[Hobby & Makers](#) > [Automotive](#)

Tags: [tray](#) [tesla](#) [model3](#) [teslamodel3](#) [highland](#)

Differences of the remix compared to the original

- It's slightly deeper (5.7 cm compared to 5 cm) to give more vertical space, yet it can still slide freely.
- More rounded.
- 2 versions, one with an indent at the front so it's easier to take out items while the tray is pushed underneath the console. The other doesn't have the indent.

The model is only for the upper sliding tray. For the purple tray under it, I used <https://www.printables.com/model/704277-tesla-model-3-highland-2024-center-console-organiz>

### This remix is based on

# Tesla Model 3 2024 Highland Organizer for Center Console
