Summary

Use this desk stand to keep any thing on your desk organised and controlled, print it in any size and dump anything

Tags: [desk](#) [minimal](#) [management](#) [organisation](#)

Remake of the beautiful desk stand by blanked studios, great design, use it to hold anything on your table looks very minimal

Looks great in matte filaments

Printed at 0.2mm layer height, 20% infill, need supports for base angle which can be removed easily
