I was looking for something to connect my ant farm to an outworld via a 9mm tube.

I made this connector that fits on a 9mm tube. The hole must be 10mm.

Printed in PLA in high quality (0,12 mm layer)

Print Settings

- **Resolution** 0.12
- **Infill:** 20

Added a 8.5mm version that's easier to plug on 9/7mm tubes
