Summary

Small Kris dagger style letter opener

[Household](#) > [Office](#)

Tags: [opener](#) [prop](#) [letters](#) [simple](#)

A simple and easy to print Kris dagger style letter opener.

Model is 16cm long in total length, which is quite small for a “usual knife” but i find it quite convenient as a letter opener. You can scale the model up in your slicer to your need.

Print with flat side on the build plate.
