Summary

Convenient holder for 55x33mm wire spools

[Hobby & Makers](#) > [Organizers](#)

Tags: [spool](#) [skadis](#) [wire](#) [sparkfun](#)

The model fits spools with a diameter of 55mm and a width of 32.5mm. I use the 22AWG wire from Sparkfun.

To attach the holder to the board, one of the [T-Nuts for Ikea Skadis Pegboards system](#) from [6d6178](#) is used. For the T-nut a screw (M2.5) with 12-15mm length is needed

It prints without supports and works like a charme.
