updated 25. 10. 2021 | published 25. 10. 2021

## Summary

Simple haunted house model.

---

[Seasonal designs](#) > [Autumn & Halloween](#)

---

Originally I made this to be a dice tower but in order for it to work it has to be pretty large so I haven't actually tested it yet. I also made another smaller version just for decoration which I did print. Either way, both files are here...

Btw, also made a render ;)

Videos coming later...
