Tags: [honeycombstorage](#) [honeycombwall](#) [hsw](#) [miyoo](#) [miyoomini](#) [hswholder](#)

This is my version of a Miyoo Mini mount for the Honeycomb Storage Wall system.

Print it as you like with your default settings. I always used ABS, 3 Walls, and about 15-20% cubic infill and a 0,4-0,6mm nozzle.

Prints without support.
