Finally, there is a website, where I will bundle all the information on the 3D Scanner, feel free to visit <http://www.openscan.eu>

Scanned with my DIY 3D Scanner and processed in MVE, for more details on the scanning process and the (printable) 3D Scanner see: <https://www.thingiverse.com/thing:2755968>

The Model should be printed with support and infill. Add raft and rescale the model if needed..

Category: Scans & Replicas
