A set of printable tall concrete barriers with a little gothic twist. These are high enough to obscure most Heroic -scale infantry models. Four different levels of battle damage to mix things up. Perfect for 28mm wargaming like Warhammer 40k.

Dimensions:

Height: 50mm

Width: 30mm

Length: 80mm

FDM friendly and support free.

Tested with Prusa Mini + Input shaper using prusament PLA (0.1 layer height)
