Tags: [dragon](#) [articulated](#) [flexi](#) [articulatedmodel](#)

Hello everyone, this is my first attempt at designing a flexible dragon. It may not be perfect, but I hope to receive your support and feedback to improve it in the future. Thank you! 😊

Get the 'Flexi Animal Keychain' Welcome Pack and the 'Flexi Dinosaur Keychain' Welcome Pack exclusively on my [Patreon](#) (Limited offer)

There are two versions available: the original version and the keychain version.

⚠️Printing support is needed. Print in 0.1mm layer height is recommended.

This model is supported by Chris M. & AI
