Ahsoka Tano's lightsabers from Rebels! Both of them!

The main body of the primary saber is both split into two parts as "Main Body Upper and Main Body Lower" and unsplit "Full Main Body" All of the STLs are in the orientation I printed them, personally I printed the transitions and pommels facing downwards with supports, but as always let me know if you found a better way.

I printed both in an orange filament, because you know, Ahsoka is orange.
