Summary

An elegant and minimal kendama stand for all contemporary shapes.

[Hobby & Makers](#) > [Organizers](#)

Tags: [pegboard](#) [skadis](#) [kendama](#)

An elegant and minimal kendama stand for all contemporary shapes. The original boolean shape is directly using Analog Kendama's Squab 2020 shape, which they uploaded the STL's for onto their Github. It sits very cleanly behind the ken, and the base cup wedge presses 99% of shapes up against the Skadis board in a satisfying lock

This requires a single Universal hook printed with it. It is included in the files.

Print on it's back side. Doesn't need supports.

This remix is based on

skadis universal hook
