I got a request for a 9mm Luger ammo box. The spacing is 35pcs/ 10,34x30,74mm between the insert top and bottom. Please read the size for the ammunition before you comment that your ammo doesn't fit. I am using 1,6mm stainless steel Tig-welding pin for the hinge and latch. Let me know if you want another logo as well.

Hope you like it.
