

Bento Mini Magnetic Mount (universal)

 **Ghozt**

[VIEW IN BROWSER](#)

updated 6. 5. 2024 | published 6. 5. 2024

Summary

This is a magnetic mount for the Bento Mini. Uses 10x4mm round magnets.

[3D Printers](#) > [Creality Parts & Upgrades](#)

I was able to install on my K1 against the side panel just by putting magnets on the outside - this part may/may not be useful for you but it works perfectly for me.

Printed for a month already and nothing has moved or fallen off. Requires no drilling or alteration of the case, easy to relocate!
