[threadedinsert](#) [wabeco](#)

Adapter to securely attach the Ersas 30S Soldering Iron to a Wabeco Drill Station. The chamfer holds the soldering iron in place without the risk to follow gravity downwards. To make mounting easier the two pieces are hold together with four magnets

Perfectly suitable to apply threaded inserts.

Print Specs:

- Material: PETG
- Layer height: 0,2mm,
- Supports: painted organic supports for the upper rim
- Magnets 5x3mm
