### Summary

Slug fence with double curved edge. 6cm high 15/20cm diameter(outer) and 6/12cm (hole)

[Household](#) > [Outdoor & Garden](#)

Tags: [slug](#) [slugs](#) [schnecken](#) [slugfence](#) [limace](#)  
[schneckenabwehr](#) [schneckenzaun](#) [schneckenkragen](#) [slugcollar](#)

Printing material:

- PLA: can be more ecological
- PETG: is more UV resistant

Sizes:

hight	diameter (inner)	diameter(outer)
6cm	12.2cm	20cm (fits for MK4)
6cm		18cm
6cm	7.2cm	15cm

Slug fences of same model/size are pilable.

Slug fences are used specially for

- young plants
- plants specially liked by slugs
- during warm/wet weather conditions
- when big slug populations

You can buy slug fences on the market. They use less plastic then my experimental version.

it is good to use as little plastic as possible in your garden (due CO2/microplastic).
