### Summary

Nice spool holder for max 55mm diameter solder spool. fits most 500gram spools

Tags: [spoolholder](#) [solder](#) [gridfinity](#) [gridfinityholder](#)

Scheared a while for the perfect gridfinity compatible spool holder. I like this one the most.

I prefer the 18mm shaft. But if it doesn't fit, I added the 13mm one from the original design.

The holder is also really handy if you don't use gridfinity.

Max 55mm diameter

Max 36mm width

Thank you a lot [Schokotux](#) for the design!
