Summary

This is just a lid/cover for the electrical compartment of the Northlight Tracklige system from Clas Ohlson

Tags: [cover](#) [tracklight](#) [northlight](#)

A year ago I bought multiple Northlight Tracklight systems from Clas Ohlson as they were cheap and easy to install, during installation of one of these I managed to throw away the cover which is to be installed over the electrical “compartment” where the power feed comes in.

Not wanting this exposed I took off the cover from another unit, measured it up and made a new cover in Fusion 360.

Prints without any problem and has a perfect fit.
