updated 6. 5. 2024 | published 6. 5. 2024

Summary

Remix of the Gardena hose holder made by @steffanders

[Household](#) > [Outdoor & Garden](#)

Tags: [organizer](#) [holder](#) [gardena](#) [hose](#) [coupling](#)
[hoseconnector](#)

I found the original holder from @steffanders and it works perfect for me for the male couplings. However, the newer female couplings have a rounded nut and they wouldn't stay in the holder.

For other variants of the holder, check the original design.

Printing:

PETG is recommended for outdoor use.

No supports are needed

Printed with 0,3 layer height and 30% infill.

This remix is based on

Gardena hose holder / organizer
