Would love a like if you like the model.

Im very new to the 3d print world , support through likes will strive me to publish more content

Simple, quick print
Scale to any size

No supports needed

I Found that the following worked great for me:

Height: **0.3mm**

Walls: **3**

Infill: **20% zig zag**

Printed with the back on the bed

Print a picture, insert it within the "O" for a special gift

Looks great in PETG white. any material would work

UPDATE 02/06/2024

I have added another version with a Heart shape added at the end of the text

Same guidelines as before

i have printed a few in white and gave them as gifts, they look good.

Would look good printed in dual colour
