I needed a new phone holder for my desk so I made this.
Added a place for my Wacom pen too. (could be used for any pen too)

The space for the phone was designed specifically for my Pixel 3. but it is large enough for most modern phones (I have made the space slightly larger for uploading here.)

Phone recess is : 70.9mm x 10.1mm x 10.1mm.

This could be filed to be slightly larger if needed.

Printing:

Printed on an Anycubic Mono X

Resin: Anycubic Craftsmans Resin (grey)

Print time: 6:30h
