Summary

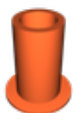

This bush for the Prusa Filament Spool Holder, will enable cardboard spools to run a little more smoothly on the holder

[3D Printers](#) > [Prusa Parts & Upgrades](#)

My eSun cardboard spools dragged quite a bit on the Prusa Filament Spool Holder, and created cardboard dust. This bush allows the cardboard spools to spin more freely.

Printed in eSun PLA+, with 4 perimeters and 15% infill.
