Tags: [gardening](#) [thingiverse](#) [gardenhose](#)

Wall mount hose holder for garden hose. Prints on the side and should not require supports.

NOTE: Four versions:

- One with angled screwholes so the front part won't be in the way when screwing into the wall.
- One with straight holes that should be accessible with a bit extension or a long screw driver.
- One with vertically aligned holes, so it can be mounted on a vertical stud in the wall.
- One without any holes - STEP format for custom holes.

Print Settings

Printer Brand:

Sovol

Printer:

SV04

Rafts:

No

Supports:

No

Resolution:

0.2mm

Infill:

40% Cubic

Filament: Extrudr ASA

Yellow

Notes:

Probably best to use a brim when printing to avoid lifting. At least when printing in ASA for UV-protection.

Category: Outdoor & Garden
