Summary

Mounting bracket for Headphones that use 3 of the unpopulated (front) holes below the drawer of the Micke Desk from IKEA

[Household](#) > [Office](#)

Tags: [ikea](#) [desk](#) [mount](#) [mountingbracket](#) [micke](#)
[ikeamicke](#)

The mounting bracket is printed at a 45 degree angle without supports. It is pushed into the three free holes in the front of the desk under the drawer.

There is a right and left version for mounting at either side of the desk. Let me know if you can think of anything else that should be mountable in these holes.

If you happen to have the Micke desk and the Kvissle Wall Rack, you may be interested in my mounting brackets for that:
