Summary

Range Ruler for the Warcrow Tabletop. I designed it to fit the marks in a range of 15 mm equals 1 stride.

[range](#) [corvusbelli](#) [stride](#) [measurements](#) [warcrow](#)

Range ruler for the Warcrow tabletop skirmish wargame by Corvus Belli. I designed it to fit the marks in a range of 15 mm equals 1 stride, since they are not using inch or cm. Have fun playing and happy printing.

Hints for printing: print with **support on build plate only = active/on!**

Further print settings:

- 0.2 mm layer height is just fine
- printed with PLA and 0.4 mm nozzle
- infill 15%

If you have any wishes for customization etc. let me know.

Best regards,

Khain
