Sometimes we get question from our visitors: "Where is restroom". Answer is: "Follow the cat".

Just a cute alternative sign for a toilet door.

I made it from picture wide available, converted it to vector graphics and than converted it into a 3D model.

In a sliced file, I already put colour break, for filament colour change.

When finished I put it on our toilet door by help of two bits of double sided tape.

Some of my other similar designs:

- [Cat & hands](#), tile.
- [Cat & clover](#) tile.
- [Ca's Pows](#), tile.
- [Cat's back](#), sign.
