Summary

A wall or desk mount for my new charger. It is the Modell i100 PD3.0 120W GaN USB-C charger from Blitzwolf

1.50 hrs

1 pcs

0.20 mm

0.40 mm

PLA

27 g

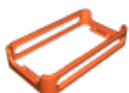

Prusa MK4

[Hobby & Makers](#) > [Electronics](#)

My Prusa MK4 did it fine with PLA without support. But you may want support.

Mount with two or four screws as you like. I clearly recommend using TORX screws.
