Lesson Plan and Activity:

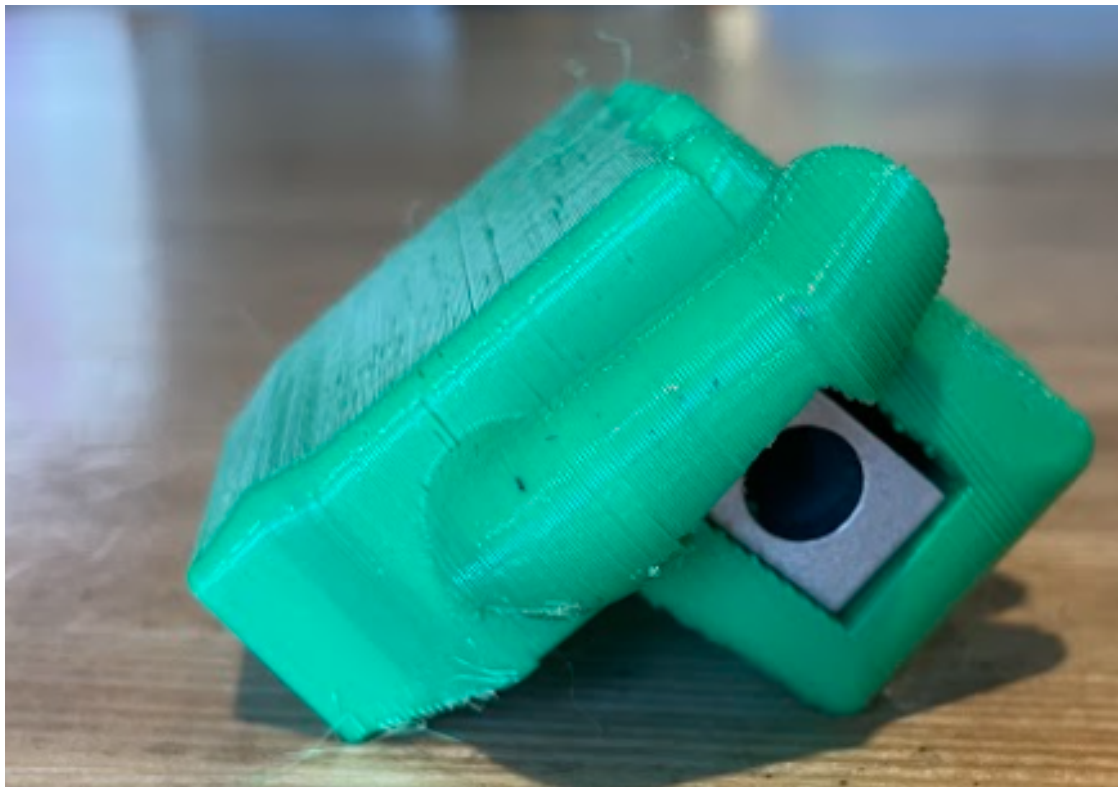

Your group has been hired to design a set of theme-based organizational products. Your team will design a set of office supplies that are tied together with a common theme. You must be able to justify the theme that connects the products together. The idea is that the customer will not want to buy just one; they will want to buy the whole set.

Pencil sharpener used: <https://www.amazon.com/dp/B00777UBFI> Take the pencil sharpener and insert it into the hole on the side of the fist with a thumb.

Design choices.

We chose to add a hole so that the pencil shavings could not get stuck between the print and the sharpener.
