### Summary

A diffuser for a 90mm book lamp meant to be printed in white or semi-transparent filament.

---

[Hobby & Makers](#) > [Other Ideas](#)

---

This light diffuser is meant to fit over a 90mm reading lamp and be printed in a semi-transparent or white filament. It will be a tight fit so you may have to use a deburring tool to make it fit. No glue is required to make it stay.
