updated 21. 6. 2024 | published 21. 6. 2024

## Summary

Top part of the knurled stackable pill case made longer and grabbier

[Healthcare](#) > [Home Medical Tools](#)

This design is based on (Knurled Stackable Pill Case ) By  
[@Diggidydave\\_179419](#)

Link to the original work: <https://www.printables.com/model/639562-knurled-stackable-pill-case>

Elongated top part of the original design

Made it easier to twist open especially for old and disabled people ( motor  
- visual impairments )

kept the original design idea ( top smaller than other parts, knurled  
stackable ).

prints and fit just like the original ( excellent! print btw )

Original on the left, Elongated on the right
