This stand has especially been made for our **AZTEC-Version** of the famous GAME OF UR to be placed and shown upright.

Looks awesome in every living room!

The stand has three hidden compartments on the back side where you can place additional dice, tokens or whatever.

There is also a little 4,8mm hole in the back side to screw in an additional **M5 screw with knob** (see pics) to clamp the game in place and to avoid falling off unintentionally. But you do not need to do this.

If you want to see all of our GAME OF UR stuff... here it is:

1. **GAME-OF-UR boardgame** incl. pyramide W4 dice.

2. **STAND** for the game of ur.
3. Alternative **W2 DICE**.
4. Alternative **W4 DICE**.

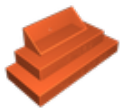

Have fun!

Material: PLA

Layerheight: 0.2mm

Infill: 20%
