updated 29. 6. 2023 | published 29. 6. 2023

Summary

A version of the disability mod that allows motion games.

[Gadgets](#) > [Video Games](#)

Tags: [nintendo](#) [nintendocontroller](#) [nintendowii](#) [nintendowiiu](#)
[wii](#) [wiicontroller](#) [wiinunchuck](#)

Printed on CR-6 SE with PETG

I added the initial holder so you can design your own mods.

It's recommended to design your own ring to fit your arm.
