Summary

A horseshoe mug for decoration or holding a plastic cup

[Art & Design](#) > [Other Art & Designs](#)

Tags: [mug](#) [horse](#) [horseshoe](#)

Made this for my daughter. Its made for decoration or for holding a plastic drinking cup. Inner dimensions are 71mm diameter and 105mm depth.

I printed it with support, however the jumping horse on the side came off while removing the support. I was able to glue it back together. Please remove support carefully.

Set the Z-seam to user specified and set it on the side of the handle, so the seam will be hidden.
