Chrysler Corporation / Mopar key code plate for 60s-80s Keys Y152 & Y149.

Original designer: Chrysler Corporation, Detroit MI, USA

I modelled this by the factory service manual picture, which happened to be in 1:1 scale. I simplified and enlarged some fonts a bit. 0.25mm nozzle is required to print the text. I have not managed to print it successfully yet with 0.4 or 0.6mm nozzle.
