Summary

The original is excellent, just remixed to make it bigger

The original was simply too small for me:

Requires 3x M3 12mm, 1x rubber band as gasket, use diamond or snake knot for the paracord ends, if you like the original paracord end base and cap you can grab it from the original.

Gasket is optional, if you want to put one, use the rubber-band-guide.stl, wrap your rubber band around this, position it on the lid lip, with a credit card edge, carefully push the rubber band into the gasket slot.

Printed with PETG @ 0.15mm, 3 walls
