updated 18. 7. 2024 | published 18. 7. 2024

### Summary

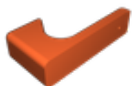

Quick wall hook, simple. Small hole for guide if extra anchor wanted. Designed to use with 3M command strip adhesive.

Scale it to get the size you want, print it laying on its back (wall side). Have printed in various sizes with various print settings - all turned out great. The hole is more there as a guide/if you want to use it - I have not yet, using 3M command strips as the adhesive for non-damaging hanging. Printing small and cutting the adhesive strip in half works great also - see pic of black hook.
