updated 2. 7. 2024 | published 2. 7. 2024

Summary

Upgraded version of one of my previous uploads. Textured holder and cap along with optional letter on cap.

[Hobby & Makers](#) > [Other Ideas](#)

Tags: [holder](#) [case](#) [tube](#) [cigar](#) [tubeholder](#) [bachelor](#)

Printed with PLA 10mm/s first layer, 70c bed on a P1S using a .4mm nozzle and .2mm layer height. ***Note that the letters are embossed .4mm so another nozzle size or layer height may cause an issue.***

Was able to print with PETG as well.
