Tags: [computer](#) [nas](#) [zima](#) [icewhale](#) [zimacube](#)

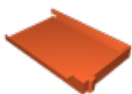

I am currently ongoing work to make a howswap / alternative bay uses for the 7th bay slot in the IceWhale ZimaCube.

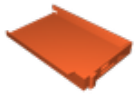

I'm releasing these models so that you can edit and make your own creations to fit your requirements.

If you like my work and would like to support me, please consider donating to my tinkercfund - <http://paypal.me/sabitech2k>
