Summary

Adaptor spacer for Hario Switch to brew into mug with OD up to 96 mm

[Household](#) > [Kitchen](#)

I wanted a simple way to brew into a mug without needing a carafe or stand for my Hario Switch. The adaptor fits my biggest mug where the OD is 96 mm.

Print Settings

PETG (PLA should work too)
0.4 mm nozzle
0.2 mm layer height
10% infill

Remember to flip the model over before printing
