### Summary

A table leg support for a 25mm pipe with a cap for the end of the pipe.

[Household](#) > [Office](#)

Tags: [table](#) [desk](#) [feet](#)

I need to make a desk for my daughter to use with her PC. I have some old pieces of MDF and need a way to attach legs to it. I bought some 25mm pipes and resized the holes to fit them. I also made some feet for the desk to prevent it from scratching the floor.

Printed in PETG.
