Summary

A guide for a Bowden tube to mount on the frame of the MK4

[3D Printers](#) > [Prusa Parts & Upgrades](#)

Tags: [bowdentube](#) [bowdenclamp](#) [bowdenclip](#)

This is a Bowden tube guide that can be mounted on the frame of the MK4.

Print with supports under the Bowden Tube holder.

I printed with 0.2 Layer height, 15%infill.

Printing in PETG is adviced but it works in PLA.

This remix is based on

Prusa MK4 Filament Clip
