## Summary

Handle for GoPro camera

[3D Printers](#) > [Accessories](#)

Tags: [gopro](#) [handle](#) [gopromount](#)

Hi,

i modelled a GoPro handle for easy filming.

### Assembly:

insert a M4 nut into the bottom of the top part and push it all the way in.  
Then glue the top part onto the handle.

### Materials:

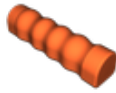

- 1x M4 Nut

Happy Printing!!
