And a PiggyBanks Collection:
https://www.printables.com/@C47_3d/collections/1538446

****Sizes****

Small: for coins up to 18mm diameter and 2.45mm thickness

Medium: 22,5mm x 2.95mm

Big: 27,5mm x 3.45mm

Tested with all Polish coins (including one special, bigger)
Prepared for all Euro coins + some additional space for even bigger coins
If needed you can resize the models for different coins

Piggy is with internal springs that will hold the coin
First time after a print it may be harder to push the coin in

Made for 0.4mm nozzle (spring is 0.8mm thick)

There are some bridges but they are pretty short so it shouldn't be hard to print

Printed with

2 walls

0.1mm layer height (you can also use 0.2)

No infill (but with automatic internal bridges/supports in Prusa Slicer)
