Tags: [desk](#) [headphonesholder](#)

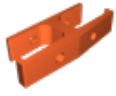

This is a hook to hang two pairs of headphones under a desk. It has two countersunk holes for screws, and comes in many sizes, ranging from 41-85mm, to accommodate the pre-drilled holes in many desks. Measure twice, print once.

It can be further adjusted with the provided solvespace file, although I've provided STLs at 1mm increments to accommodate as many desks as possible. On my desk, from uplift, the holes were 72mm apart.
