Summary

Mirror holder to fit an existing mirror, made to hang on window handles and to fit inside shelf.

[Household](#) > [Bathroom](#)

Tags: [mirrormount](#) [build123d](#) [multiboard](#)

An existing mirror was re-purposed to fit onto window handles when in use and then to fit inside the shelf when stored.

The mirror hangs to two small hex pins into a multiboard.io tile.
