Tags: [handle](#) [spoon](#) [disability](#) [fork](#)

This is a handy fork or spoon handle for people with disabilities. To fix the spoon or fork you will need a bolt of size M5x25 and a nut of size M5

UPD:

- Added a V2 version with an expanded hole. This allows wider forks and spoons to be used.
- Added a V3 version, which is narrower than the others. This allows the handle to be used with a prosthesis. The hole is also enlarged as in the V2 version

## Print Settings

- Printer brand: Anycubic
- Printer: Kobra 2
- Adhesion: Yes
- Supports: No
- Resolution: 0.2

- Infill: 20%
- Filament material: PLA
