Summary

The best Smart Band 8 Pro charging stand

[Gadgets](#) > [Portable Devices](#)

Tags: [stand](#) [watch](#) [watchstand](#) [holders](#) [watchcharger](#)

The stand model was created by me personally, for my use.

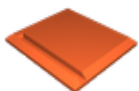

I couldn't find a stand that would satisfy all my needs. The stand consists of two parts, which makes it easy to print.

The rack is firmly assembled even without glue, but for complete reliability, you can add a little glue.

Please leave comments and share photos of your coasters.
