

Spool Support

Bourbon Medic

[VIEW IN BROWSER](#)

updated 2. 7. 2024 | published 2. 7. 2024

Summary

Used to support spool when using side mount to prevent sag.

[3D Printers](#) > [Creality Parts & Upgrades](#)

This is to use in conjunction with the Ender 3 V3 KE Filament Spool Side set up from [WMVos@wmvos_1637112](#)

I noticed some sag, and this fits perfectly.

No supports. 10% infill, honeycomb.
