Designed this organizer to organize this rotary tool I bought on Ali Express <https://www.aliexpress.com/item/1005004247818688.html> along with this one <https://www.aliexpress.com/item/1005003803505579.html>. It all fits nicely into this type of plastic box <https://www.orthexgroup.com/smartstore-classic/746-smartstore-classic-2-7332462061699.html>
