### Summary

Snap onto the top rail of your printer, let others know what you have a 3D Printer for! Or just to designate a printer

[Art & Design](#) > [2D Plates & Logos](#)

Tags: [3d](#) [sign](#) [printer](#) [multi](#) [fishing](#) [gear](#) [label](#)  
[accessories](#) [fish](#) [contest](#) [only](#) [fishingreel](#)

With all these Fishing accesories, you're going to need a printer that's full time 3D Printing Fishing gear. So you can print all the things to support your obsession!

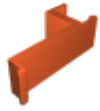

Use this handy sign to show your family and friends, that for the foreseeable future your printer is unavailable.

To make the letters stand out, make sure you pause and change at 2mm. In whatever your favourite colours are.

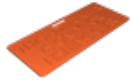

Settings: Nothing special, not too fast if you want the letters crisp, and the fitment right.

No Support.
